## Roblar Road Quarry Draft Environmental Impact Report

|   | <u>Page</u>   |
|---|---------------|
| <b>I. Introduction</b>  | <b>I-1</b>    |
| A. Environmental Review   | I-1           |
| B. This EIR   | I-2           |
| C. Range of Alternatives  | I-3           |
| D. Use of the EIR   | I-3           |
| E. Public Participation   | I-3           |
| F. Organization of the Draft EIR                                  | I-4           |
| <b>II. Summary</b>  | <b>II-1</b>   |
| A. Project Description  | II-1          |
| B. Environmental Impacts and Mitigation Measures                  | II-1          |
| C. Alternatives   | II-2          |
| <b>III. Project Description</b>                                   | <b>III-1</b>  |
| A. Project Overview   | III-1         |
| B. Project Objectives   | III-1         |
| C. Project Location and Site Description                          | III-2         |
| D. Project Characteristics  | III-11        |
| E. Prior Quarry Proposals on Project Site                         | III-33        |
| F. Permit Requirements  | III-35        |
| <b>IV. Environmental Setting, Impacts and Mitigation Measures</b> | <b>IV.A-1</b> |
| A. Land Use and Agricultural Resources                            | IV.A-1        |
| B. Geology, Soils, and Seismicity                                 | IV.B-1        |
| C. Hydrology and Water Quality                                    | IV.C-1        |
| D. Biological Resources   | IV.D-1        |
| E. Transportation and Traffic                                     | IV.E-1        |
| F. Air Quality  | IV.F-1        |
| G. Noise and Vibration  | IV.G-1        |
| H. Hazardous Materials  | IV.H-1        |
| I. Aesthetics   | IV.I-1        |
| J. Public Services and Utilities                                  | IV.J-1        |
| K. Cultural Resources   | IV.K-1        |
| <b>V. Alternatives</b>  | <b>V-1</b>    |
| A. Introduction   | I-1           |
| B. Factors in Selection of Alternatives                           | I-2           |
| C. Descriptions of Alternatives, and Bases for Their Selection    | I-2           |
| D. Alternatives Considered But Rejected as Infeasible             | I-18          |

|   | <u>Page</u>  |
|---|--------------|
| <b>V. Alternatives (continued)</b>  |              |
| E. Distinctive Environmental Characteristics  | I-21         |
| F. Environmentally Superior Alternative   | I-57         |
| <b>VI. Impact Overview</b>  | <b>VI-1</b>  |
| A. Significant Unavoidable Environmental Impacts  | VI-1         |
| B. Cumulative Impacts   | VI-2         |
| C. Growth Inducing Impacts  | VI-2         |
| D. Effects Found Not to Be Significant  | VI-3         |
| <b>VII. Report Preparers</b>  | <b>VII-1</b> |
| <b>Appendix</b>   |              |
| A. Notice of Preparation  | A-1          |
| <b>Technical Appendices (<i>Bound Separately</i>)</b>   |              |
| B. Farmland Conversion Study  | B-1          |
| C. Hydrology and Water Quality Appendix   | C-1          |
| D. Biology Appendix   | D-1          |
| E. Air Quality Appendix   | E-1          |
| F. Noise Appendix   | F-1          |
| G. Cultural Resources Appendix  | G-1          |
| <b>List of Figures</b>  |              |
| III-1 Regional Map  | III-3        |
| III-2 Site Location Map   | III-4        |
| III-3 Aerial Photo of Project Site  | III-5        |
| III-4 Existing Conditions   | III-7        |
| III-5 Assessors Parcel Key Map  | III-9        |
| III-6 Phase 1: Initial Grading and Drainage Plan with Topsoil and Overburden<br>Stockpile Areas     | III-15       |
| III-7 Site Longitudinal Sections with Interim and Finished Grades                                   | III-16       |
| III-8 Site Longitudinal Sections with Interim and Finished Grades                                   | III-17       |
| III-9 Phase 1 Grading and Drainage Plan   | III-21       |
| III-10 Phase 2 Grading and Drainage Plan  | III-25       |
| III-11 Phase 3 Grading and Drainage Plan  | III-26       |
| III-12 Reclamation Planting Plan  | III-29       |
| III-13 Proposed Land Exchange Site Location Map   | III-34       |
| III-14 Access Road Typical Cross Section E and Access Road Profile                                  | III-37       |
| III-15 Cross-Section F through Quarry   | III-38       |
| III-16 Longitudinal Section G through Quarry  | III-39       |
| III-17 Cross Section H through Access Road and Bench Detail   | III-40       |
| IV.A-1 Zone of Influence for Roblar Road Project Site   | IV.A-3       |
| IV.A-2 General Plan Land Use Designations for Roblar Road Project Site<br>and Vicinity              | IV.A-8       |
| IV.A-3 General Plan Land Use Designations for Lakeville Road Easement<br>Exchange Site and Vicinity | IV.A-9       |
| IV.A-4 Williamson Act Lands in Roblar Road Project Site Vicinity                                    | IV.A-16      |

|  | <u>Page</u> |
|--|-------------|
| <b>List of Figures (continued)</b>   |             |
| IV.A-5 Williamson Act Lands in Lakeville Road Easement Exchange Site Vicinity                                | IV.A-17     |
| IV.A-6 Agricultural Conservation Easements in Project Site Vicinity  | IV.A-19     |
| IV.A-7 Agricultural Easements and other Protected Lands in Lakeville Road Easement Exchange Site Vicinity    | IV.A-20     |
| IV.A-8 Important Farmland Classifications for the Roblar Road Project Site Vicinity                          | IV.A-23     |
| IV.A-9 Important Farmland Classifications for the Lakeville Road Easement Exchange Site Vicinity             | IV.A-24     |
| IV.B-1 Geologic Map  | IV.B-3      |
| IV.B-2 Geologic Cross-Section  | IV.B-5      |
| IV.B-3 Regional Fault Map  | IV.B-8      |
| IV.C-1 Site Vicinity and Watershed Map   | IV.C-2      |
| IV.C-2 Existing Site Drainage, and Location of Seeps and Springs   | IV.C-4      |
| IV.C-3 Site Soils  | IV.C-7      |
| IV.C-4 Location of Groundwater Wells and Surface Water Monitoring  | IV.C-10     |
| IV.C-5 Existing Shallow Groundwater Contours   | IV.C-15     |
| IV.C-6 Estimated Shallow Groundwater Contours at Quarry Buildout   | IV.C-40     |
| IV.D-1 Existing Vegetation and Water-Associated Features   | IV.D-3      |
| IV.E-1 Roadway Network and Study Intersections   | IV.E-2      |
| IV.E-2 Lane Configuration and Intersection Control   | IV.E-6      |
| IV.E-3 Existing Peak-Hour Turning Movement Volumes   | IV.E-8      |
| IV.E-4 Haul Routes and Trip Distribution   | IV.E-20     |
| IV.E-5 Near-Term Cumulative Base Peak-Hour Turning Movement Volumes  | IV.E-22     |
| IV.E-6 Near-Term Cumulative Base plus Project Peak-Hour Turning Movement Volumes                             | IV.E-24     |
| IV.E-7 Long-Term Cumulative Base Peak-Hour Turning Movement Volumes  | IV.E-27     |
| IV.E-8 Long-Term Cumulative Base plus Project Peak-Hour Turning Movement Volumes                             | IV.E-29     |
| IV.F-1 Study Receptor Locations for Potential DPM Impacts  | IV.F-25     |
| IV.G-1 Noise Sources and Effects on People   | IV.G-2      |
| IV.G-2 Long-Term Noise Measurement Locations for Haul Routes   | IV.G-12     |
| IV.G-3 Quarry Noise Threshold Zone   | IV.G-16     |
| IV.I-1 Viewpoint Location Map  | IV.I-2      |
| IV.I-2 Viewpoint A: Looking Southwest from Project Site towards Roblar Road                                  | IV.I-4      |
| IV.I-3 Viewpoint B: Looking West from Project Site towards Roblar Road and Existing Off-site Development     | IV.I-4      |
| IV.I-4 Viewpoint C: Looking Northeast from East Border of Project Site towards Existing Off-site Development | IV.I-5      |
| IV.I-5 Viewpoint D: Looking South from Roblar Road towards Proposed Location of Access Road on Project Site  | IV.I-7      |
| IV.I-6 Viewpoint E: Looking Northeast from Roblar Road towards Project Site                                  | IV.I-7      |
| IV.I-7 Viewpoint F: Looking Southwest from Canfield Road towards Closed County Landfill and Project Site     | IV.I-8      |
| IV.I-8 Viewpoint G: Looking Northeast from Roblar Road towards Project Site (>1 mile way)                    | IV.I-8      |
| IV.I-9 Viewpoint H: Looking Northeast from Valley Ford Road towards Project Site (>1 ½ miles way)            | IV.I-9      |

**List of Figures (continued)**

|         |   |         |
|---------|---|---------|
| IV.I-10 | Viewpoint I Looking Southwest from Bloomfield Road towards Project Site (2 ¼ miles way) | IV.I-9  |
| IV.I-11 | Scenic Corridors in Project Vicinity  | IV.I-12 |
| IV.I-12 | Viewshed Analysis and Photosimulation Locations   | IV.I-16 |
| IV.I-13 | Viewpoint 1 without and with Project Simulation   | IV.I-18 |
| IV.I-14 | Viewpoint 2 without and with Project Simulation   | IV.I-20 |
| IV.I-15 | Viewpoint 3 without and with Project Simulation   | IV.I-21 |
| V-1     | Alternative Haul Route  | V-5     |
| V-2     | Alternative Haul Route-Typical Cross-Sections   | V-6     |
| V-3     | Alternative Haul Route-Access Road 1 Plan and Profile Segment 1                         | V-7     |
| V-4     | Alternative Haul Route-Access Road 1 Plan and Profile Segment 2                         | V-8     |
| V-5     | Alternative Haul Route-Improved Roblar Road Plan and Profile Segment 3                  | V-9     |
| V-6     | Alternative Haul Route-Improved Roblar Road Plan and Profile Segment 4                  | V-10    |
| V-7     | Alternative Haul Route-Improved Roblar Road Plan and Profile Segment 5                  | V-11    |
| V-8     | Alternative Haul Route-Improved Roblar Road Plan and Profile Segment 6                  | V-12    |
| V-9     | Alternative Haul Route-Improved Roblar Road Plan and Profile Segment 7                  | V-13    |
| V-10    | Alternative Haul Route-Access Road 2 Plan and Profile Segment 8                         | V-14    |
| V-11    | Alternative Haul Route-Access Road 2 Plan and Profile Segment 9                         | V-15    |

**List of Tables**

|         |  |         |
|---------|--|---------|
| II-1    | Summary of Impacts and Mitigation Measures   | II-3    |
| III-1   | Existing Parcels in the Project Vicinity   | III-6   |
| III-2   | Estimated Annual and Total Sales Production, by Phase  | III-11  |
| III-3   | Proposed Plant List  | III-27  |
| III-4   | Proposed Quarry Equipment List   | III-31  |
| IV.A-1  | Sonoma County FMMP Land Classification Summary   | IV.A-22 |
| IV.B-1  | Active Faults in the Project Site Vicinity   | IV.B-9  |
| IV.B-2  | Modified Mercalli Intensity Scale  | IV.B-10 |
| IV.D-1  | Protected Trees Proposed for Removal   | IV.D-26 |
| IV.E-1  | Truck Axle Classification Percentages  | IV.E-5  |
| IV.E-2  | Signalized Intersection Level of Service Definitions   | IV.E-7  |
| IV.E-3  | Level of Service Criteria for Unsignalized Intersections   | IV.E-9  |
| IV.E-4  | Peak-Hour Intersection Levels of Service (LOS) Existing Conditions                               | IV.E-10 |
| IV.E-5  | Accident History on Major Roadways in Project Area   | IV.E-12 |
| IV.E-6  | Project Trip Generation  | IV.E-18 |
| IV.E-7  | Peak-Hour Intersection Levels of Service (LOS) Near-Term Cumulative Base Conditions              | IV.E-21 |
| IV.E-8  | Peak-Hour Intersection Levels of Service (LOS) Near-Term Cumulative Base plus Project Conditions | IV.E-25 |
| IV.E-9  | Peak-Hour Intersection Levels of Service (LOS) Long-Term Cumulative Base Conditions              | IV.E-26 |
| IV.E-10 | Peak-Hour Intersection Levels of Service (LOS) Long-Term Cumulative Base plus Project Conditions | IV.E-30 |
| IV.E-11 | Calculated Traffic Index (TI) for Project Haul Routes  | IV.E-39 |
| IV.F-1  | State and National Criteria Air Pollutant Standards, Effects, and Sources                        | IV.F-3  |
| IV.F-2  | Attainment Status of the Bay Area for the State and National Ambient Air Quality Standards       | IV.F-10 |
| IV.F-3  | Air Quality Data Summary (2002-2006) for the Project Area  | IV.F-14 |

Page**List of Tables (continued)**

|        |   |         |
|--------|---|---------|
| IV.F-4 | Estimated Maximum Daily and Average Annual Project Emissions  | IV.F-19 |
| IV.F-5 | Project Source Contribution to NOx and PM10 in 2007 and 2027  | IV.F-19 |
| IV.F-6 | Total Reduction in Maximum Daily and Annual NOx Emissions with Implementation of Mitigation Measures F.1a through F.1c                | IV.F-20 |
| IV.F-7 | Total Reduction in Maximum Daily and Annual PM10 Emissions with Implementation of Mitigation Measures F.1a through F.1c               | IV.F-22 |
| IV.F-8 | Estimated Annual Average DPM Concentrations from the Project at Study Receptors   | IV.F-26 |
| IV.F-9 | Project-Related Annual Greenhouse Gas Emissions   | IV.F-31 |
| NE-2   | (Noise Level Performance Standards) - Noise Element of the Sonoma County General Plan   | IV.G-6  |
| IV.G-1 | Sound-Level Measurements at Study Locations   | IV.G-11 |
| IV.G-2 | Typical Construction Activity Noise Levels  | IV.G-15 |
| IV.G-2 | Existing, Near-Term and Long-Term AM Peak-Hour Traffic Noise Levels along Roadways in the Project Vicinity                            | IV.G-19 |
| V-1    | Peak-Hour Intersection Levels of Service (LOS): Proposed Project and Alternative 2, Near-Term Cumulative Base plus Project Conditions | V-39    |
| V-2    | Peak-Hour Intersection Levels of Service (LOS): Proposed Project and Alternative 2, Long-Term Cumulative Base plus Project Conditions | V-40    |
| V-3    | Calculated Traffic Index (TI) for Project Haul Routes for the Proposed Project and Alternative 2                                      | V-42    |
| V-4    | Estimated Maximum Daily and Annual Average Annual Emissions: Proposed Project and Alternative 2                                       | V-43    |
| V-5    | Estimated Annual Average DPM Concentrations from Proposed Project and Alternative 2 at Study Receptors                                | V-44    |
| V-6    | Near-Term and Long-Term AM Peak-Hour Traffic Noise Levels along Roadways in the Project Vicinity: Proposed Project and Alternative 2  | V-46    |
| V-7    | Calculated Traffic Index (TI) for Project Haul Routes for the Proposed Project and Alternative 3                                      | V-53    |
| V-8    | Estimated Maximum Daily and Annual Average Emissions: Proposed Project and Alternative 3  | V-54    |
